Pre-Employment Urinalysis

Consent Form

I understand that as required by the Federal Motor Carrier Safety Regulations, Title 49 Code of Federal Regulations, Section 382.103, all driver/applicants of this company must be tested for controlled substance as a per-condition for employment.

I consent to the urine sample collection and testing for controlled substances.

I understand that a positive test result for controlled substances will render me unqualified to operate a commercial motor vehicle.

The medical review officer will maintain the results of my test. Negative and positive results will be reported to the company. If the results are positive, the controlled substance will be identified. The results will not be released to any other parties without my written authorization.

I understand the above conditions and herby agree to comply with them.

Notice to Drivers:

DOT Required Split Sample Testing

As of August 15, 1994, Federal Regulations require all DOT drug tests to be collected in accordance with split sample procedures.

With this change, the driver has the right to have the second bottle tested at a different NIDA approved lab should the initial test be confirmed positive. The driver will have 72 hours after a test is confirmed positive to request the second bottle be tested.

Should you request the second bottle be tested: you will assume the cost of any subsequent testing. Should subsequent testing results report back as negative we will reimburse you for the cost of the testing.

I have read the above notice and understand that I will be responsible for the cost of any subsequent testing charges.
